The following bibliography includes publications of the staff of the Santa Barbara Botanic Garden as well as publications that were directly facilitated by the Garden.

1940-1959:

Books and Book Chapters:

Journal Articles:

1960-1969:

Journal Articles:
Moseley, M. F. 1961. Morphological studies of the Nymphaeaceae. II. The flower of Nymphaea.

Symposium Proceedings:

1970-1979:

Books and Book Chapters:

Journal Articles:
Technical Reports:

1980:

Journal Articles:

Symposium Proceedings:

Technical Reports:

1981-1989:

Books and Book Chapters:

Journal Articles:

Symposium Proceedings:

Technical Reports:

1990:

Symposium Proceedings:

1991:

Journal Articles:

1993:

Books and Book Chapters:

Journal Articles:

Symposium Proceedings:

1994:

Books and Book Chapters:

Journal Articles:

Symposium Proceedings:

1995:

Books and Book Chapters:

Journal Articles:

Technical Reports:

1996:

Books and Book Chapters:

Journal Articles:

Symposium Proceedings
Technical Reports:
Wilken, D. 1996. Reproductive Strategies of Four Plants Restricted to the Northern Channel Islands.

1997:

Journal Articles:

**Symposium Proceedings:**

**Technical Reports:**

**1998:**

**Books and Book Chapters:**

**Journal Articles:**

Symposium Proceedings:

Technical Reports:

1999:

Journal Articles:

Carlquist, S. 1999. Wood and stem anatomy of Stegnosperma (Caryophyllales); phylogenetic

Symposium Proceedings:

2000:

Journal Articles:

Symposium Proceedings:

Technical Reports:
Wilken, D. 2000. Rare plant survey at Fort Hunter Liggett: purple amole (*Chlorogalum purpureum*), dwarf calycadenia (*Calycadenia villosa*), and Santa Lucia mint (*Pogogyne*
2001:

Journal Articles:

Technical Reports:

2002:

Books and Book Chapters:
Caryophyllaceae (*Silene*), Chenopodiaceae in part (16 genera and *Atriplex* with D. Taylor), Hydrophyllaceae (*Phacelia* with R. Halse and R. Patterson), Lamiaceae in part (9 genera), Oleaceae, Polemoniaceae (3 genera and *Phlox* with R. Patterson), Portulacaceae (*Calyptridium* with W. Kelley), Ranunculaceae in part (6 genera), Rosaceae (2 genera), Tamaricaceae, Ulmaceae, Verbenaceae, Orchidaceae with W. Jennings, and Poaceae in part (16 genera, *Bromus* and *Deschampsia* with E. Painter).

**Journal Articles:**

**Symposium Proceedings:**

**Technical Reports:**
2003:

**Books and Book Chapters:**

**Journal Articles:**

**Technical Report**

Wilken, D. 2003. Monitoring plan for purple amole (*Chlorogalum purpureum* var. *purpureum*) on Camp Roberts. Environmental Division, California National Guard, Camp Roberts. 14 Pages

**2004:**

Books and Book Chapters:

Journal Articles:

2005:

Symposium Proceedings

Journal Articles:

2006:

Books and Book Chapters:

Journal Articles:
Ryan W. McEwan and Robert N. Muller. 2006. Spatial and temporal dynamics in canopy

**Technical Reports**

**2007:**

**Books and Book Chapters**

**Journal Articles:**

2008:

Books

Technical Reports

2009:

Journal Articles:

Symposium Proceedings

**Technical Reports**

2010:

**Journal Articles:**
Windhager, S., F. Steiner, M. Simmons, and D. Heymann. 2010. Towards ecosystem services as a basis for design. Landscape Journal 29:107-123.

**Technical Reports**

2011:

**Journal Articles:**
Magazine, Spring 2011.

Symposium Proceedings:

2012:

Books and Book Chapters:

Journal Articles:
